

# Toshiba Portege M400 Hard Drive Replacement

Step by step directions for removing the hard drive of a Toshiba Portege M400 Laptop.

Written By: Lucas

## Step 1 — Hard Drive

- Remove the two circled screws and place them in a safe location.

## Step 2

- Gently lift the plastic plate as shown in the image and slide it out from its position.

## Step 3

- Gently lift the plastic tab and carefully remove the hard drive from its connective port.
- You are done!
